## ABSTRACT

To provide historical and forecast revenue of the market segments and sub-segments with respect to four main geographies and their countries- North America, Europe, Asia, and Rest of the World (RoW) To provide country level analysis of the market with respect to the current market size and future prospective To provide country level analysis of the market for segments and sub-segments To provide strategic profiling of key players in the market, comprehensively analyzing their core competencies, and drawing a competitive landscape for the market To track and analyze competitive developments such as joint ventures, strategic alliances, mergers and acquisitions, new product developments, and research and developments in the global Unmanned Aerial Vehicle Market.

## FULL TEXT

PUNE, India, June 22, 2016 /PRNewswire-iReach/ -- Objective of Study:

To provide detailed analysis of the market structure along with forecast of the various segments and sub-segments of the Global UAV Unmanned Aerial Vehicle Market

To provide insights about factors affecting the market growth

To Analyze the Global UAV Unmanned Aerial Vehicle Market based on various factors- price analysis, supply chain analysis, porters five force analysis etc.

To provide historical and forecast revenue of the market segments and sub-segments with respect to four main geographies and their countries- North America, Europe, Asia, and Rest of the World (RoW)

To provide country level analysis of the market with respect to the current market size and future prospective

To provide country level analysis of the market for segments and sub-segments

To provide strategic profiling of key players in the market, comprehensively analyzing their core competencies, and drawing a competitive landscape for the market

To track and analyze competitive developments such as joint ventures, strategic alliances, mergers and acquisitions, new product developments, and research and developments in the global Unmanned Aerial Vehicle Market.

Market Synopsis:

Market Scenario:

The Global UAV Unmanned Aerial Vehicle Market is expected to grow at a CAGR of XX% and is expected to have a global market share of XX%. This market for UAV has influential market growth drivers such as Custom focused innovation, and UAV's help immensely in controlling global threat disputes and Territorial Disputes, UAV's are also being used in dynamic and various number of applications which will play a major role in the growth of the Global UAV Unmanned Aerial Vehicle Market.

Key findings of this report

This suggests that the UAV device market by components used in the UAV devices in North America Region. Detectors, Spectrometers, Spectrophotometers generated the largest revenue of \$XXX million in the North America Region UAV device market in 2014.

European UAV market by End-Use Vertical is expected to grow at a CAGR of XX% from 2015 to 2020 and generate \$XX billion in 2020. Commercial application was the second largest revenue generator in 2014 and is expected to generate \$XXX million in 2020 while growing at a CAGR of XX% CAGR from 2015 to 2020.

With the rise of security concerns across borders in several nations in Asia Pacific, the need for incorporating UAVs in the military system has become significantly important. China and India among others face border security concerns. Border patrolling and surveillance is essential to these growing economies as they are expected to fuel the UAV market in the near future.

Market Segments:

For the Better understanding of this report the Global UAV Unmanned Aerial Vehicle Market is has been segmented on the basis of types which include Combat UAV, Small UAV, Strategic UAV, Tactical UAV and others, on the basis of applications the market consists of Military, Commercial, Agriculture, Others. The market is also segmented on the basis of sub systems which include UAV device components, UAV sub stations components

Key Players

The Global UAV Unmanned Aerial Vehicle Market is consisting of key players like 3d Robotics, Aerodreams, Ageagle, Altavian Inc, AutocopterCorp, Boeing Corporation, Bosh Global Services, Dronedeploy, Hawkeye Uav, Honeycomb Corp, Idetec, Isis Geomatics, Volt Aerial Robotics and Others.

Regional Analysis:

The Global UAV Unmanned Aerial Vehicle Market in North America is primarily driven by the rising military projects in the region. The North American market is expected to grow at a CAGR of XX% and is expected to have a market share of XX%. The European market is expected to be the second largest market globally and is expected to have a market share of XX% and will grow at a healthy CAGR of XX%
